

4101:14-1-09 Notice in the event of a serious accident. ~~AMEND~~

- (A) The operator shall report any known serious injuries or deaths that result from a reportable tramway incident. A "Serious Injury" is defined as one in which the passenger sustains injury which requires transport to a hospital or emergency care facility. A "Reportable Tramway Incident" is:
- (1) A deropement regardless of whether or not the tramway is evacuated.
 - (2) Any evacuation other than by prime mover or auxiliary power, regardless of cause.
 - (3) Any fire involving tramway equipment or structures.
 - (4) Failure of any electrical or mechanical component which results in a loss of control of the tramway; any one of the following six conditions shall be considered a loss of control:
 - (a) Tramway will not slow down when given the command to do so.
 - (b) Tramway will not stop when given the command to do so.
 - (c) Tramway operates over speeds beyond control settings and/or maximum design speed.
 - (d) Tramway accelerates faster than normal design acceleration.
 - (e) Tramway self starts or self accelerates without the command to do so.
 - (f) Tramway reverses direction unintentionally and without the command to do so.
 - (5) Any wire rope damage as defined in "~~ANSI B77.1-2006~~ ANSI B77.1-2011 with ANSI B.77.1a-2012 Supplement," section Annex A, A.4.1.
 - (6) Structural failure of any component that affects the integrity of the tramway including but not limited to:
 - (a) Terminal structure;
 - (b) Bull wheel;
 - (c) Brake system;
 - (d) Tower structure;
 - (e) Sheave, axle or sheave assembly;
 - (f) Carrier;
 - (g) Grip; and/or;
 - (h) Conveyor; moving elements, drums, rollers and support assemblies.
 - (7) Any incident in which a passenger falls more than five feet from a chair.

(B) The report to the board shall be by telephone to the division of industrial compliance, 614-644-2223, within twenty-four hours of the reportable tramway incident or the next business day if the incident occurs on a weekend or holiday and within five days by written report. Both reports shall contain the following information:

- (1) Name or identification of and/or registration number of the tramway involved.
- (2) Date, time, and location of the incident.
- (3) Name, address, and phone number of the injured passenger.
- (4) Type of injury.
- (5) Description of the tramway accident.
- (6) Possible cause of the accident, if known.
- (7) Description of any corrective action by the operator.
- (8) The written report shall also contain the date, time, and person to whom the verbal report was given.
