FAQs for Liquor Permit Holders Amid COVID-19

How can I ensure the safety of my employees and customers?

- The [Responsible Restart Ohio plan](#) lays out best practices for businesses to follow when resuming operations. At a minimum, however, businesses must:
  - Designate 6-foot distances for employees and customers. Utilize barriers if applicable.
  - Make hand sanitizer and sanitizing products readily available for employees and customers.
  - Must require all employees to wear facial coverings, except where prohibited by law or other exceptions exists such as a health condition, the employee is working alone, or it creates an unsafe environment.
  - Implement separate operating hours for elderly and vulnerable customers when possible; and
  - Offer online and remote access of facility hours/operations and inform customers on how best to reach the business.

Can I return unopened beer/wine to a distributor?

- The Division has approved the pick-up and future replacement of beer, wine, or mixed beverages from a retail permit holder, at the Distributor’s discretion. The product must be in its original sealed packaging and must have been purchased after February 15 for a specific event (i.e. Opening Day, St. Patrick’s Day, NCAA, etc). You must reorder the same amount of product that you returned. For example, if you return 5 kegs of beer to a distributor, upon re-opening, you must buy 5 kegs of beer from that same distributor.

- This temporary alteration in the return policy is also subject to the federal Tax and Trade Bureau (TTB) restriction. It is our understanding that TTB views only products purchased for events cancelled due to the COVID-19 crisis to be exempt from the normal restrictions on consignment sales. TTB has stressed the voluntary nature of accepting these returns.

- Future guidance from TTB may also be forthcoming on this matter.

Can I still participate in the one-time Liquor Rebate Program?

- No, the one-time Liquor Rebate Program ended on August 31, 2020. The program was designed to help Ohio bars and restaurants navigate reopening during COVID-19. We were able to rebate $4.423M to 8,856 permit holders. For more information about the program, click [here](#).
