BUSTR Class C Operator Training Form
Instructional Material, Evaluation and Certification

Rule 1301:7-9-19 of the Ohio Administrative Code requires owners of underground storage tank (UST) systems to identify and train Class C operators for their facilities. Class C operators are responsible for the initial response to alarms or other indications of emergencies at a facility. All Class C operators shall complete this form before assuming responsibilities as a Class C operator. Owners shall maintain this form and make it available to the state fire marshal upon request. No passing score is necessary to meet the requirements of this form.

Table with 4 columns: Question, Yes, No, NA. Contains 5 questions regarding training requirements for Class C operators, including emergency procedures and equipment recognition.

Class C operator name: \_\_\_\_\_
