

APPLICATION PROCESS

Ohio Department of Commerce
Division of Liquor Control
6606 Tussing Road
Reynoldsburg, OH 43068
614-644-2360

The Division of Liquor Control ("Division") has outlined the application process below in an effort to avoid your application being returned. Therefore it will be necessary for you to submit all the documents on the "REQUIRED DOCUMENTS FOR ACCEPTANCE" sheet. **If your application is filed without all of those documents, the application will not be accepted and will be returned to you.** Once your application is received, provided all required documents are submitted, the following process begins:

1. The Division logs your application into a computerized system for processing.
2. The Division will send an Official Notice to the legislative authority of the municipality/township it is located in (city council or township trustees and county commissioners). Note: Any of these entities have the right to object to your application, provided they do so within 30 days of that notification. The Division also sends a separate notice to the local law enforcement agency for informational purposes as required by law and to work in conjunction with the Legislative Authority should they desire to object to the issuance of your permit.
3. The Division will work with your County Board of Elections to determine the wet/dry status of your proposed permit premises. Note: This information is not needed on applications for transfer of ownership.
4. The Division will send the Personal History Background Form(s) you provided to the law enforcement agency in the municipality or township of your permit premises in order to have a separate background check conducted with them.
5. The Division works with the Ohio Bureau of Investigation ("BCI") to have conducted a required background check on all persons involved in your business. In order for the Division and BCI to conduct this background check, you are required to provide the Division with the proper documentation and information so that a background check can be performed. Please see DLC 4191 to determine whether you or persons involved in your business should submit a completed **paper** fingerprint card or be fingerprinted **electronically** via a "WebCheck" system.
6. A Division Compliance Officer will contact you to set up an appointment to conduct an initial inspection of your premises. At the time your inspection is completed our compliance officer will survey the area surrounding the proposed permit premises to determine if there are any institutions such as schools, churches, libraries, public playgrounds, or township parks within 500 feet. By law, any of these institutions can object to the issuance of your permit within 30 days of notification. If the business is not in operation or the premises did not meet all requirements at the initial inspection, a final inspection will need to be conducted at a later date. Please allow two weeks when notifying the Division for a final inspection.
7. Your C or D class permit certificate is issued for a permit period that expires on February 1, June 1 or October 1, depending on the county where your permit is located, and is renewed annually on that date. Renewal dates by county may be found by visiting http://www.com.ohio.gov/liqr/docs/LIQR_RenewalDistricts.pdf. All A, B, H or G Class permits renew annually on October 1.
8. If you have applied for a New Retail permit (NOT a Transfer), and it is issued within six months of the expiration date, you will receive a 50% refund of the class fee(s) paid. NOTE: The \$100.00 processing fee is non-refundable.

It is our goal to process your application in a timely and efficient manner. Many factors determine the length of time it takes to complete the process of your application, therefore your assistance in providing us with a complete application packet will help us in accomplishing our goal.
