How to Become a Contract Liquor Agent

Becoming a Contract Liquor Agent:

- The Division of Liquor Control decides when and where an Agency is to be established and will contract with a qualified mercantile business to act as its agent for the sale of spirtuous liquor at retail and to wholesale customers.

- When the Division determines that an Agency will be established or re-established in an area, an advertisement seeking applications for the contract is placed in the local newspaper and on the Division’s website. Interested parties may contact the Agency Operations Section at 614-644-2380 to request an application or go to at http://www.com.ohio.gov/liqr/Agency.aspx.
  - Applicants must return the application by a date specified by the Division. There is no application fee.

- If the Division is not seeking applications for an Agency in your area, but you would like to be a Contract Liquor Agent, you may notify the Agency Operations Section of your interest. Those notifications will be retained for five years. If an Agency opening becomes available in your area within that time, the Division will send you an application or print it from the Division’s website.

- Spirituous liquor sold by Contract Liquor Agencies to licensed retailers and consumers is owned by JobsOhio Beverage System.
